## News:

Starting from October, we begin issuing our monthly newsletters! Letters will be distributed via email on the first day of the month. Copies of newsletters will be available at the lobby.

We are implementing progress reports cards for our Cadets Program. The report cards will be available for parents on the last week of every session.

EGA Recreational classes schedule will be slightly changed beginning from Fall Session #2. We are adding break time between classes to allow our coaches to interact with parents and fill out cadet's progress report cards.

## Congratulations to:
