## How are private lessons beneficial?

If there's a certain skill, or event that your child struggles with or wants to improve, you have the option to schedule time to work one-on-one with a coach. It creates a time with fewer distractions, more practice along with knowledgeable pointers.

## How do I schedule a private lesson?

Stop by or call and talk with someone at the front desk, we'll help you figure out a time that works into your schedule as well as ours.

## What coach will my child have?

Students or parents can choose from any coach they wish to have a private with, as long as the schedules work out. We have coaches with as much as 37 years of experience. The front desk staff can assist you with finding the best match for coach-to-skill or coach-to-event to ensure maximum results.
